

WINTER HIKE FROM SÖLЛЕRECK TO RIEZLERN

EASY WINTER HIKING

TOUR DESCRIPTION

From the summit station Söllereck, the winter hiking trail gently ascends past the Alpe Schrattenwang, which is operated in winter, to the highest point of the hike. From there, the scenic, groomed winter hiking trail descends and crosses the border. Always in view is the summit of the Hoher Ifen and the Gottesacker plateau. Passing the Mittelalp and the Bergstüble mountain hut operated in winter, the route crosses the Westeggobel and descends directly into the village center of Riezler Post.
