

SKI TOUR FROM BAAD TO THE GRÜNHORN

medium

Ski Touring

TOUR DESCRIPTION

This sunny ski tour calls for an early start, as the south-facing slopes of the Grünhorn receive plenty of sun even in the early morning hours – favorable.

Near the summit, you'll find beautiful slopes facing east to south, ideal for the descent. In the lower section, there is a forest stretch at the base.

Upon reaching the summit, you're rewarded with magnificent views of the Kleinwalsertal and the Bregenzerwald.

Baad is also a popular destination for winter hikers. Especially on the first section of the tour up to the Innere Turaalpe, a little extra care is taken for the enthusiasts. With mutual respect, there's plenty of space for everyone to enjoy the natural beauty.

"Experience nature consciously" stands for respectful interaction between winter sports enthusiasts and with the natural world. The Duratal, ensuring a responsible and nature-friendly ski touring experience.

Baad is also popular with winter hikers in winter. Particularly on the first section up to the Inner Turaalpe, a little more consideration is given. Then enough space and enjoyment of nature is guaranteed for everyone.

Consciously experiencing nature stands for a respectful coexistence among winter sports enthusiasts and towards nature. The route

ROUTE DESCRIPTION

Ascent

The tour starts in the mountain village of Baad, which can be easily reached by bus (Walserbus from Oberstdorf). First we follow the direction of the Duratal until we reach the inner Turaalpe, after approx. 300m we come to a wide clearing in the forest, which we follow (at about 1,700m). From here we climb slightly towards the Ochsenhofer Scharte. Keeping slightly to the left until we are under the C the summit.

Descent

We enjoy the descent to the Starzelalpe, then we climb to the inner Stierhofalpe. We do not follow the descent into the Turabach valle forest from clearing to clearing down to the valley. From here we follow the winter hiking trail towards Starzelhaus & enjoy the last slo

RECOMMENDED EQUIPMENT

In particular the steep grass slopes in the upper area require a safe avalanche situation, so take the [avalanche report](#) into account! The spec of the information. Away from secured pistes, everyone is responsible for finding out about alpine dangers, especially avalanches. Ski touring make changes to the route necessary. For experienced ski tourers.

EMERGENCY NUMBERS

- 140 Alpine Emergencies Austria wide
- 144 Alpine Emergencies Vorarlberg
- 112 Euro-Emergencies (works with every mobile network)

www.vorarlberg.travel/safety-tips

How do you consciously experience nature?

Nature is so much more than the backdrop for unforgettable mountain experiences. It is a habitat for animals and plants. It provides valuable raw materials such as wood, it also protects against avalanches and mudslides and regulates the climate. It is up to us to su can achieve more:

Smart in NATURE

CONSCIOUS together

EXPERIENCE foresight

Smart in NATURE

Take a deep breath and recharge your batteries, be outside and feel free. When we enjoy nature, we are guests in the living room of s their living space with you in the future too.

Stay on paths and marked routes

If you follow the marked paths and routes, you are sure to come to new favorite places. In this way you also respect protected areas, any disturbance unnecessarily costs the wild animals the strength they need to survive.

Avoiding twilight times

Standing on a mountain at sunrise is a special experience. The morning and evening hours are also the time when most wild animals avoided, please stay on the marked path, do not use a bright headlamp and enjoy the silence.

Stay clean & take rubbish with you

It goes without saying: You take rubbish with you again, on the mountain and in the valley. Please also organic waste, because it is co at home or in your accommodation - please remember that there are no rubbish bins in public spaces in Kleinwalsertal.

On the natural toilet

If you are looking for a quiet place, please be at least 50 m away from water. Bury excrement or cover it with a large stone. Use fallen

On tour with a dog

Are you always in control of your four-legged partner, even if he gets his nose for marmots, deer or other wild animals? You are both o attack by a grazing animal is foreseeable: leash off immediately. There are numerous dog stations in the valley for the disposal of dog and fields contaminates the feed and makes grazing cattle sick.

CONSCIOUS to each other

Consideration for other athletes and those looking for relaxation

Everyone loves to enjoy a special piece of earth for themselves. But most of the time we are not traveling alone. No problem, because manner, provide support when someone needs help and always give a smile. So nothing stands in the way of friendly cooperation and

Appreciating the preservation of the cultural landscape

Alpine landscapes are touching with their contrast: Imposing peaks and natural forests alternate with gentle valleys, well-tended me altitudes is no coincidence, but the result of an interplay of natural and cultural landscapes. Behind this is the work of farmers, alpin attractiveness of the recreation and leisure area and the diversity of species are preserved. We already say thank you if we stay on th

EXPERIENCE farsighted

Safe on tour - for you and others

Whether on a ski or snowshoe tour in winter or on a mountain tour in summer, anyone who is out and about in alpine terrain has to be the right equipment. Correctly assessing alpine dangers requires a lot of knowledge and experience. Why not learn from professional! For the planning of ski tours we recommend the maps of the German Alpine Club.
